Covisian Group appoints Marcello Faticoni Group Chief Financial Officer

Covisian Group has appointed Marcello Faticoni Group Chief Financial Officer.

The appointment is part of the Covisian's new growth strategy. The Group, led by Gabriele Moretti, has dedicated teams with broad and varied skills and experience, ranging from cutting-edge machine learning and artificial intelligence technologies, to data analytics and insights into business processes and customer experience.

Faticoni has held over the years the position of CFO in multinational companies such as Sipcam Spain & North Africa, S3K and Fabaris.

Faticoni says that: *"I am grateful to President Moretti for the great opportunity he is giving me. It is undoubtedly an important challenge, in a solid and constantly growing company in Spain, Italy, Latin America and the world".*
